### Certificate Course Report 2020-2021

**Title of the Course:** Advanced Tally

**Date of Commencement:** 28/09/2020

**Course Facilitator:** Manoviraj Singh

#### Course Objectives:

This course will help them to learn the concepts and principles of inventory management, GST transactions, sales and purchase, payrolls and other concepts related to the practical application of Tally. They will deal with real time scenarios for case studies and problem solving. This course will help the students to get good job opportunities.

#### Course Structure:

Advance Tally ERP is filled with potential for easy and quick return filing, helping tax consultants and companies to reduce the rejection of returns in the GSTN portal. Advance Tally ERP manages all the GST invoicing or billing needs, from simple bill/invoices to advance ones with multi- item, multi tax rates, etc. Students can also quickly detect and correct errors in transactions and generate returns in the correct format without the hassle of segregating invoice- wise information using Advance Tally ERP. It also has the capability to detect errors which means that you can file correct GST returns without any problems. The GST returns will also be in harmony with the books of accounts and will also display the same data as used for filing returns in the GSTN portal. Thus, it is quite evident how important Advance Tally ERP for GST and learning this skill ensures a flourishing career in the ever changing corporate world. This course comprises units that will discuss all the above aspects and ensure that the students have a practical knowledge of manipulating Tally ERP.
