Report on Guest Lecture (Webinar)

Date	:	14-12-2021
Time	:	10am to 11am
Venue	:	Basement class room
Topic	:	A Gateway to statistical analysis with SPSS
Organizer	:	Dr. Thanapaackiam
Organized By	:	Akraya club
Target audience	:	III semester M. Com students

Introduction:

A Class room is a hub for exploring, analyzing and imbibing all that surrounds young and eager minds. Inviting guest speakers into a class room is a very beneficial tool that should be utilized as much as possible. Guest lecturers help the students improve their learning in more interactive and specific way.

These can be very helpful not only for the students but can also contribute to the teacher's knowledge and practices, can Guest lectures be used to make classes more approachable and appealing to students. Through guest lecture, students get new perspectives and opinions that are often missed in a regular class. A guest lecture gives students a better opportunity to learn about an explicit topic in a way that gets them involved in the class and actively join in a more convenient way of teaching. Opportunity for students to learn new things from different perspective.

Profile of the Guest speaker:

Dr. Kanimozhi Sugana is accomplished Professor in the domine of computer Science. She has rich experience in research and academics. She bagged gold medal in MSc Computer Science from Anna University Chennai. She has 10 years teaching experience in few reputed colleges. She has completed many certificate courses in computer science namely Data Analytics and SPSS tool application and computer application in Business. At present she is working the project under JRF from Anna University.

About the webinar

Akraya Department of commerce organized a guest lecture through on-line mode on "SPSS" on 14-12-2021 from 10am to 11am. The lecture was attended by 35 – M.Com 3rd semester students along with one faculty member. The guest speaker was heartily welcomed by Dr. Thana Packiam and she introduced the guest speaker to the audience.

Dr. Kanimozhi Sugana gave excellent talk on "A Gateway to statistical analysis with SPSS "

Guest speaker explained about SPSS software in detail like how it works, purpose of using, Importance of SPSS. She spoke about the Latest technology in SPSS, Features of SPSS and how to analyze the data in SPSS, Entering data, Steps in Data analysis, Statistical procedures. Guest speaker had given complete coverage on Advantages of SPSS in commerce research.

She also threw light on SPSS and Advanced Excel and other statistical tools like SAS(statistical analysis software),MATLAB (The Mathworks),R (R Foundation for statistical computing)which are used for statistical analysis .

Positive outcome

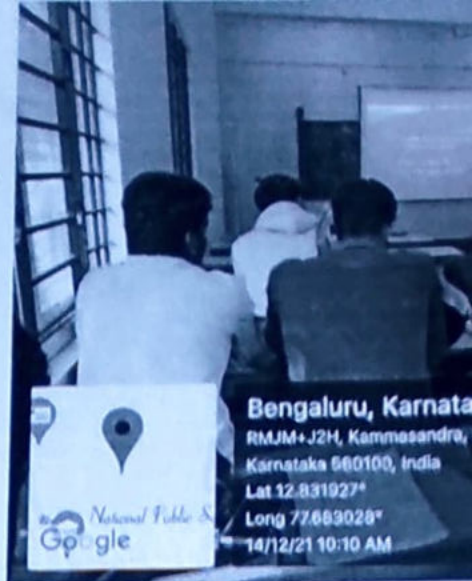

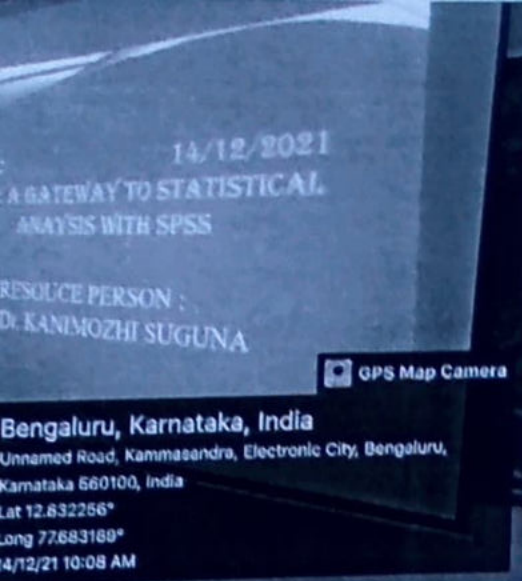

It is believed that true education goes beyond the textbook, It works with experts in a number of fields outside pure academics that help equip students with holistic education, preparing for life after college

The lecture was of great success. It helps students to know about something new and prepare themselves for something innovative and new. The lecture came to an end with the vote of thanks by the professor.
