A FRANSALIAN INSTITUTE OF HIGHER LEARNING

<b>Date:</b>	27 <sup>th</sup> March, 2021
<b>Venue:</b>	St.Francis de Sales College, Hebbagodi
<b>Name of the Initiative:</b>	Awareness Campaign
<b>Issue Addressed:</b>	Related to Safety measures
<b>Conducted By:</b>	CSA, St. Francis De Sales College
<b>Attended By:</b>	Other College Students
<b>Organized By:</b>	St. Francis De Sales College.

Every year March month is celebrated as Social work month, to prove this statement, St.Francis de Sales College CSA team members under DISHA, creating awareness regarding Covid-19, second wave by charts. Different charts are prepared to avoid from Corona diseases and through the charts it is explained that the precautions to protect ourselves.

During this month final year examinations were conducted by the Bangalore University, for writing exams many students from other colleges came to St.Francis de Sales College. Many charts contains information about Covid awareness were posted in the entrance gate of St.Francis de Sales College. Other college students those who came to the St.Francis de Sales College for attending V semester exams those students have noticed the charts which is posted related covid messages. These charts are helpful to the students to remember for using mask, sanitizers, washing their hands everyday. It is an informative to the students as well as it helps to protect them from the virus.

"Prevention is better than cure" according to this proverb the CSA team members from St.Francis de Sales College has posted many charts and indirectly informed to the students to protect themselves before affect the Corona. Few catchy quotes are written on the chart such as WWW, WASH etc.,

**W-Wear Mask**

**A-Avoid Close Contact**

**S-Maintain Social Distance**

**H- Wash Hands**

Those catchy words were attracted among the students those who visited St. Francis De Sales College for attending their Final year exam which is conducted by Bangalore University. Pictures play an important role, and it easily convey the information to the people. Comparing to written statement pictures have more powerful for the mass communication. So that pictures also drawn on the chart to create awareness about covid.

During this March month the Covid vaccinations are invented by the Indian Medicals association above the age of 45 years. In this awareness campaign St. Francis de Sales College has explained the benefits of vaccination to the students. The reason behind that it is expected that the students inform their parents the importance and benefits of vaccination. It is believed that by inculcating students, it will easily spread to the society. It was explained through the pictures that is 'No vaccination and No Life'. Vaccination is the most effective way to protect against infectious diseases. Vaccines strengthen your immune system by training it to recognise and fight against specific viruses. When we get vaccinated, we are protecting ourself and helping to protect the whole community. When enough people in the community are vaccinated, it slows down the spread of disease. Achieving herd immunity is a long-term goal. It usually requires a large amount of the population to be vaccinated.

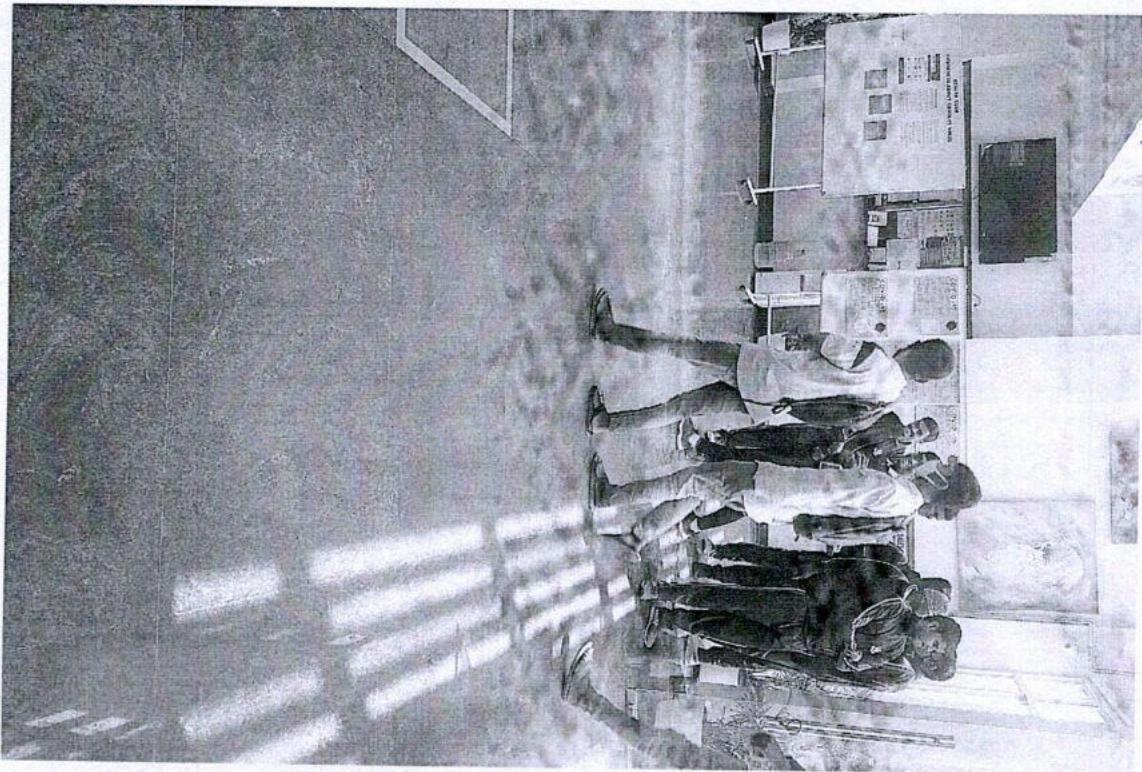

The vaccine is the final step in our effort to get back to a more normal way of life. Public health measures such as mask wearing, physical distancing and hand-washing were implemented to slow the spread of the virus, and they have proven to work. Vaccines save millions of lives each year. Vaccines work by training and preparing the body's natural defences – the immune system – to recognize and fight off the viruses and bacteria they target. After vaccination, if the body is later exposed to those disease-causing germs, the body is immediately ready to destroy them, preventing illness. St. Francis de Sales College had played an important role to create awareness about covid as well as the benefits of vaccination
