A REPORT ON

An Intercollegiate Interdisciplinary Symposium on

Challenges And Opportunities In The Changing Digital Era

Organised by: Research and IP Cell in association with the Department of Commerce (Postgraduate)

Date & Time: 22 and 23 May 2019

Venue: Auditorium

Research and IP Cell in association with the Department of Commerce (Postgraduate) organised an intercollegiate interdisciplinary symposium on the topic, "Challenges and Opportunities in the Changing Digital Era", on 22 and 23 May, 2019 in the college auditorium. Many students and faculty from the various colleges in the vicinity participated in the symposium.

The digital transformation is radically altering all dimensions of global societies and economies and will likely change the interpretation of the sustainability paradigm itself. Sustainable development and digital technology communities are not yet sufficiently linked to fully address these issues. The transformation towards sustainability must be harmonized with the threats, opportunities, and dynamics of the Digital Revolution, Digitalization is not only an instrument that can be used to resolve sustainability challenges, it is also fundamental as a driver of disruptive change on multiple levels.

The session began with the welcome address followed by the lighting of the lamp by Fr. Roy and Fr. Jijo along with the dignitaries. The profile of the Chief Guest was read by Dr. Divya, Assistant Professor, Department of Media and Communication.

Inaugurating it, the Chief Guest, Prof. Achutha Jois, Director, Atma College, Bengaluru, spoke about the need to adapt, adopt and evolve in the changing digital era. In his speech he says, The mobilization of the enormous potential for a digital sustainability transformation is not an automatic process. In the past one or two decades, digitalization has worked as an accelerator of economic processes that are still predominantly based on fossil energy and resource extraction. However, if course corrections succeed, the disruptive impact of digitization on sustainability can be leveraged to accelerate and enhance a sustainability transformation.

After his speech, the first session, titled "Communication is a Key to Corporate Success" started and Prof. B. Thyagaraj was the resource person who illuminated upon the need for the appropriate communication in the business environment. He elaborated his views on communication and types of communication, the need of effective corporate communication for the successful business and the long run survival of business concerns. He used power point presentation for the session. Participants felt that it was wonderful and effective session.

Following the tea break, the second resource person, Prof. Xavier, gave a presentation on the topic, "Business Dynamics". He said Business dynamism, which is the process of firms growing, shrinking, emerging, and failing, has been declining for the last 30 years. Signs that business dynamism is weakening include the decline of the rate at which workers reallocate to new employers and the decline in the number of start-ups.

Then, the next resource person, Dr. Manoj Kumar Sharma, enlightened upon the topic, "Mindset towards Digital Era" he spoke about Digital transformation of business and organizational activities, processes, competencies and models to enable organizations to use and exploit digital technologies to improve business processes and outcomes.

These sessions were followed by a panel discussion which was moderated by Prof. Tyagarajan. There was a discussion about the topics were covered throughout the day. It was a interactive and useful panel discussion the queries of audience and panelist were answered by the Moderator. The resource persons answered the questions raised by the PG students.

At the end, the Rapporteur report was presented by Prof. Anil Kumar. He summarised the proceedings and outcome of each sessions clearly. he gave written report also which contains bullet points and the action plan.

The symposium ended with a note of positivity. Dr. Thanapackiam, Assistant Professor , department of commerce delivered vote of thanks .The students were happy to have enriched their knowledge. Resource persons were well appreciated by the participants. It was indeed an informative and fruitful day.
