Human rights are the basic rights and freedom that belong to every person in the world from birth until death. Human Rights Day is observed every year on 10th December- the day on which the United Nations General Assembly adopted the Universal Declaration of Human Rights in 1948.

### DETAILED REPORT ON HUMAN RIGHTS DAY

Every human being is inherited with their basic rights no matter what caste, creed, gender, the economic status they belong to. Human rights are very important for making sure that all humans get treated equally.

That was what our 2021 theme was - EQUALITY, reducing inequalities, advancing human rights.

On the occasion of Human Rights Day, our CSA Committee took initiative to create awareness about human rights among people. For this, our volunteers prepared 6 charts which revealed ideas related to equality and fundamental rights of people. Even we gave students and teachers the opportunity to write their opinion and views on human's rights and equality, on empty charts pasted on the board. At 10.05 am, students had a short break in which they gave their precious time for writing their ideas and getting a glance of charts which were made by volunteers.

Not only this, some of the volunteers even made documentary for Human Rights Day by interviewing various personalities from different backgrounds, with question:

#### **What is their individual opinion or thought on human rights?**

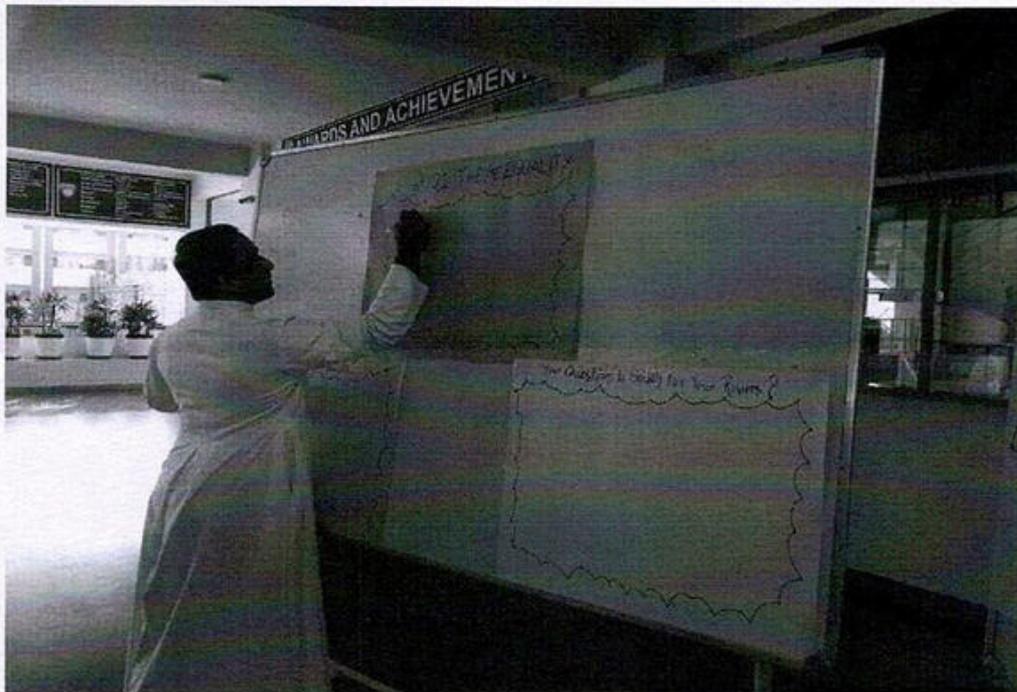

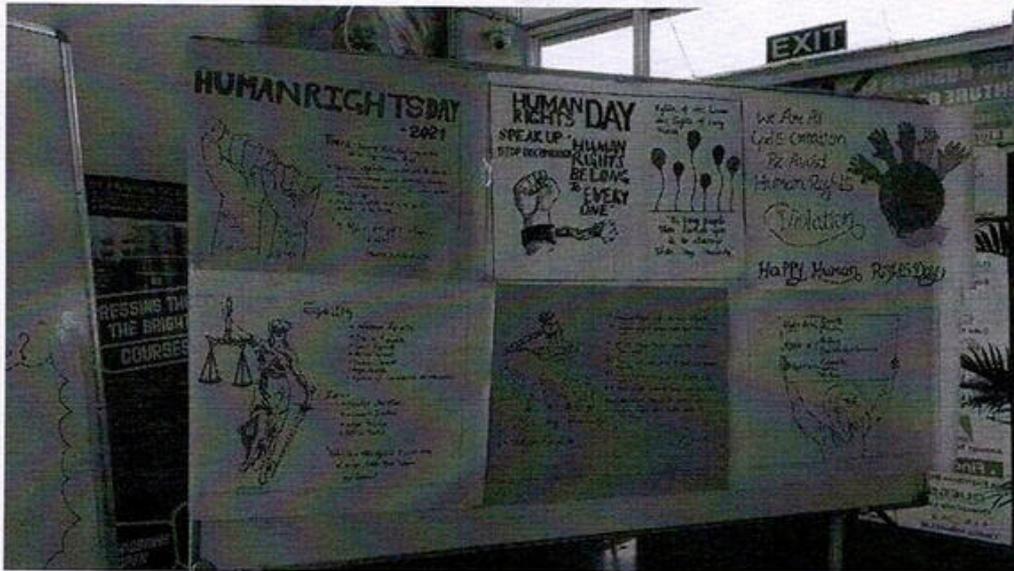

On this day, we not only got to know about an individual's opinion, but also, they shared their experience about inequality they faced in different areas.

At last, but not the least, our motive was to create awareness among people about their rights. We thank our Principal Rev. Fr. Dr Roy and Vice Principal Rev. Fr. Jijo for giving us this opportunity and Prof. Anusha and Prof. Victoria for their support and guidance.

We also thank our volunteers who really worked hard to make all this possible and successful.
