Target Audience	II, IV, VI Sem BCA Students & VI Sem BSC
Resource Person(s) with qualification (if applicable):	1.Sudarshan Pandurang 2.Prathima R 3.Ambre Kate
Event Coordinator	Prof. Saranya C

The objective of the Program:

Infosys springboards organized an event for all the students of Dept. of Computer Applications, students were introduced to the Infosys Springboards website and provided with comprehensive guidance on how to utilize its features effectively. The session aimed to equip students with the necessary knowledge and skills to navigate the platform and leverage its resources for their academic and professional growth on June 14,2023 at SFS College Auditorium.

Harshitha D of Sem VI BCA, proactively was the MC of the program and welcomed everyone to the event. The session emphasized the significance of accessing learning resources available on Springboards, including courses, training materials, and certifications. Students were shown how to browse the learning paths, search for specific courses, and enrol in programs that aligned with their interests and goals. Additionally, the session covered the collaborative aspects of Springboards, including joining communities, engaging in discussions, and sharing knowledge with colleagues and subject matter experts. By the end of the session, students gained a clear understanding of how to utilize the Infosys Springboards website as a valuable platform for learning, collaboration, and professional development.

The workshop covered the importance of customizing profiles on Infosys Springboards to showcase skills and expertise. Through their innovative techniques, they created an engaging, collaborating and exploring environment for all the participants with an interactive discussion. The whole program was coordinated by Prof Saranya Anil along with class coordinator and all the faculty members of BCA department.

As the event came to an end the session ended with a motivational talk by Ms. Sailaja M, HOD, Dept Computer Applications.

The outcome of the program:

The Infosys Springboards learning platform is a valuable tool that offers personalized learning paths, a wide range of resources, and a collaborative environment for the students to think and learn creatively, critically and design oriented. It fosters continuous learning and growth, ensuring that the learners stay competitive in the rapidly changing business landscape and IT industry. By investing in Springboards, Infosys demonstrates its commitment to learner's development and upskilling their areas of interest.
