Skills of Observing, listening and recalling: An activity based learning approach

Date: 05th February 2019

Venue: Room No: 210, SFS College

Conducted by: DESMA, Department of Business Administration

Attended by: UG students – BBA Final Year Students

Organised by: St. Francis de Sales College, Electronic city, Bengaluru

The department of Business Administration under DESMA organized finance activity for final year students on 5th February 2019 as a part of finance club activity. The business quiz activity was organised by Prof. Ramesh Babu. The main aim of this activity was to make the students aware about the current affairs relating to the present economic and business situation in the World.

As a part of activity based learning initiatives, Students were made into four groups each consists of four members. The activity consists of three rounds.

First round is finance round

Second round was world affairs related to finance

Third round was video round

Each round had a time frame of one minute to answer the questions if the particular team fails to answer the chance will be given to the next team. Each question was allotted ten marks for first and second round and for final round the mark awarded was fifteen marks.

A quiz is a game which can also be called a mind sport wherein the players, either as individuals or in teams attempt to answer questions posed to them correctly, in order to win a prize. Over the year's people have been fascinated by these quizzes which have been broadcasted on television sets. And are still watched and enjoyed by children and adults alike even today. But how many of us are familiar with the prospect of quizzes and the objective.

The objective of every Indian school quizzing competition is to encourage students to look beyond their textual knowledge and establish a relationship between theory and application of the learnt concepts. It is easier said than done nonetheless. But most schools and colleges have gone further than that and have conducted quiz competitions. These are the outcome that the students are expected:

- Quizzes improve or expanding one's knowledge of things, either general or in specific area
- Quizzes are designed to promote, a fun way to study and in the process help improve one's general knowledge
- Quiz competitions enables students to think from different angles or simply 'to think out of the box'
- It promotes a healthy debate amongst participants in order to learn from each other
- Aiding in language development with the questions based in the language alone
- Aiding in the team building process
- Provoking discussion and healthy debate amongst participating players / teams
- Promoting group harmony, whether in organisations, schools or just a group of friends
- Likewise spelling bees improve the student's spellings and vocabulary
- Quiz competitions even help build the student's soft skills

The activity provided the students with the practical knowledge which enriched their knowledge in the current affairs. It also encouraged the team building among the students which increased the team spirit. The students very enthusiastically participated in the activity and also at the end they registered thanks to Prof. Ramesh Babu. This was really a useful activity for the final year students. Prof. Ramesh Babu motivated the students to invest their time in improving their knowledge in current affairs which helps them to excel in life.

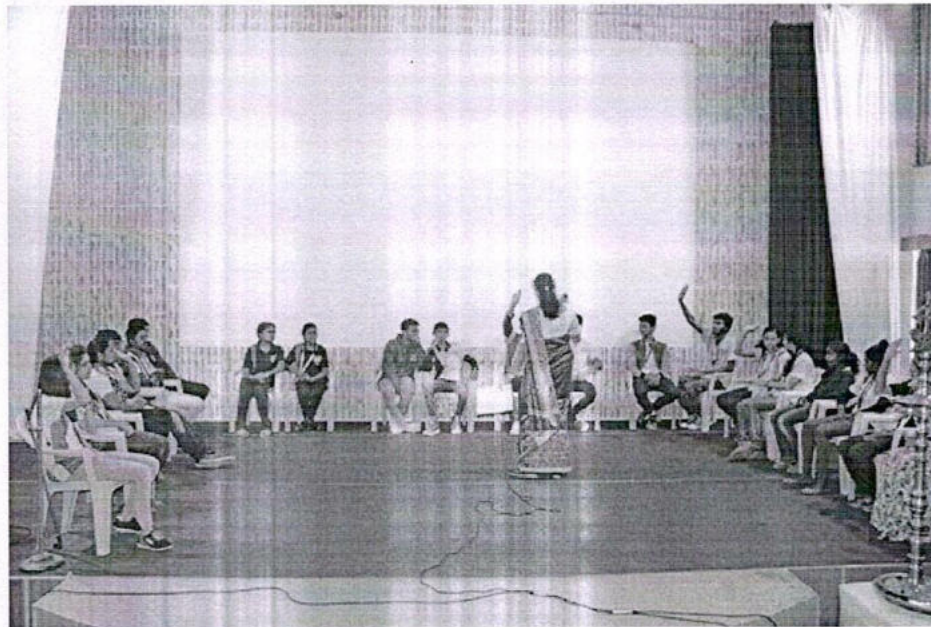

The college encourages all the faculty members to come up with varieties of activities to upgrade their skills.
