government exams. And she said that importance of studying for UPSC exam and she also stressed that it is easy to crack state exams if one studies for competitive exams. She started with giving tips on how to prepare for competitive exams like how serious one should be in pursuing a career, how to devote time for competitive exams, what are books available for different exams etc. Next, she stressed on different exams which students can take and how to go about it. She gave complete insight on how students from different streams can pursue their career in respective areas.

In this webinar ma'am shared the pattern of competitive exams like All India Services, Central Services, IBPS exam and other state examinations. During this webinar both of the resource persons also guided students how to do study of Aptitude and logical reasoning. Different resources for study material. How to use different tricks for solving any problem quickly and many more as well during the session both of them has conducted a basic aptitude test to check basic knowledge of students.

Ms Radhika N joshi Business Development Manager M/s. EDURAPID, Mysore., directed the students regarding the benefits such as salaries, perks and other incentives available in various different jobs and she also focused on promotions , inservice benefits to focus on higher jobs. It was an awesome webinar by both the resource persons which helped students to motivate and upgrade their aptitude skills. It was an immense pleasure for the institute again to have such a great personality connected with students to guide them on the importance of Competitive exams and how to deal with the same. Students thanked the training and placement cell for organizing such a wonderful session for them. The webinar concluded at 2:15 pm by vote of thanks.

#### **Outcome of the activity:**

This webinar with such a wonderful resource person helped the students to focus on their career once they complete the degree. They got to know various opportunity available to crack the competitive exams. This webinar gave some tips, tricks how to crack the competitive exams. Students got some clear guidelines regarding their career after their degree. Overall, the webinar was interesting and interactive.

### Quantitative Aptitude

1. A 300 metre long train crosses a pole in 60 seconds. What is the speed of the train?

- 5 m/s
- 6 m/s
- 4.5 m/s
- None of these

Solution:  $\text{Speed} = \frac{\text{Distance}}{\text{Time Taken}}$   
 $= \frac{\text{Length of the Train}}{\text{Time Taken}}$

So The Speed =  $300/60 = 5 \text{ m/s}$
