**A FRANSALIAN INSTITUTE OF HIGHER LEARNING**

## India Land of peace and prosperity

Venue: Seminar Hall  
Date: 09 February 2021  
Time: 11:00-12:00pm  
Organized by: St Francis de Sales College Student Council  
Attended by: UG students

The Student Council of the college organized a Collage competition on 09 February 2021. The theme of the competition was "India Land of peace and prosperity". The issue of war and peace has always been a focal point in all periods of history and at all levels relations among nations. The concern of the humankind for peace can be assessed by taking into account all religions, all religious scriptures, and several religious ceremonies are performed to the cause of peace, and all these advocates the desire of the human soul for the elimination of war. The Shanti Path recited by the Hindus, the sermons of the Pope, and the commands of all the holy scriptures of Christians, Muslims, Hindus, Sikhs, and all other communities holds out a sacred commitment towards peace. Yet, the international community fully realized the supreme importance of the virtue of peace against the evil of war only after having suffered the most unfortunate and highly destructive World Wars in the first half of the 20th century. The blood-soaked shreds of humanity that lay scattered in several hundred battle grounds, particularly on the soils of Hiroshima and Nagasaki, cried for peace, peace, and peace on the earth.

Peace is important in our life to experience true happiness and it can be achieved by being true to oneself as well as the nation. But the problem of peace is much more complicated than war, as it involves political, economic, social, cultural, and religious problems of the diverse races and nations of the world.

All the development in the world is possible only when there is the reign of peace. It is important that the students learn the values of peaceful living and to understand each other, respect each other, and to practise tolerance. Keeping this in mind a collage competition was organized. There was lots of participation among the students and they brought in lots of creative ideas.
