Madam/Sir,

Sub: UGC Guidelines on adoption of Choice Based Credit System.
Ref: Letter D.O. No. F 1-1/2014 (Secy), dated 12th November, 2014
from the Secretary, UGC, New Delhi.

This is to inform that the UGC has embarked on numerous measures to enhance efficiency and excellence in the higher education system in the country. The reforms undertaken in this regard have led to noticeable improvement in the standards of education. However, because of the diversity in the evaluation system followed by different Universities in India, students have suffered acceptance of their credentials, at times, across the University system, as well as the employment agencies.

In order to mitigate this procedure, the UGC has formulated Guidelines on adoption of Choice-Based Credit System (CBCS) by all the Universities. This would ensure seamless mobility of students across the higher education institutions in the country as well as abroad. The credits earned by the student may be transferred and would be of great value to the students in the event of their seeking migration from one institution to the other. You are requested to access the Guidelines from the UGC website www.ugc.ac.in.

It may be kindly be noted that Bangalore University has already introduced Choice Based Credit System in the Undergraduate and Postgraduate Courses from the academic year 2014-15 and the draft Regulations in this regard have already been circulated to all the Principals. Necessary modifications to the draft Regulations will be made as per the present UGC Guidelines and will be sent to the State Government for approval and the same will be circulated to all the concerned.

Yours faithfully,
Comm 4/9/14

Prof. L. She informed the House that the Local Inquiry Committee visited the above two colleges on 02-08-2014 and checked all the infrastructure and requirements necessary as per NCTE norms. The Principal of Bangalore City College of Education, Bangalore produced all the records and list of staff approved by the University and registers viz., admission, attendance, acquittance, stock, scholarship disbursement registers before the Committee. She informed that the staff are not qualified with NET/SLET and the staff quarters have not been provided by the college. Further, the college has made 28 admissions during the year 2013-14 and 15 during 2012-13. The college has to equip the Library with required nos. of books as per NCTE norms. The College has got 49.2% weightage as per new tool.

In respect of Sri Venkateshwara College of Education, Bangalore the Principal had shown the 3rd floor of the building meant for B.Ed. course which is of 11,644 sq.ft. floor area. The college has appointed a Librarian. 100 students were admitted for 2013-14. However, none of the students were present during the visit of the Committee. We were told that students had gone for teaching practice classes. The Library needs to be upgraded with adequate no. of books as per NCTE norms.

Dr. Rajesh E.B., informed the House that, his college (Cauvery College of Education) was made as centre for examination for the year 2012-13 for the students of Bangalore City College and the admission register of the said college which was produced at the time of examination is still in their custody and the college has not taken back the register. The Chairperson of the Local Inquiry Committee opined that admission register of 2012-13 shown to the Committee might be the other one. Dr. Ramesh. K, said that the floor area of Bangalore City College of Education is 4,868 sq.ft. x 3 floors and it is short of NCTE requirements. Hence, the affiliation cannot be given to Bangalore City College of Education. Prof. Jeevan Kumar and Prof. B.C. Prabhakar felt that the affiliation can be given as the College has secured 49.2%

weightage. However, the observations recorded by the Local Inquiry Committee and comments made in the Academic Council meeting may be communicated to the colleges.

PREAMBLE :

The BA/BA (Hons) in History Course is a Credit Based Semester Scheme spread over Six Semesters for BA and BA (Hons). The course seeks to familiarize students with the major debates in Indian History and gives an overview of the important aspects of Indian History from ancient to contemporary times. Due importance is also given to the study of the West, Middle East and South Asia especially in the context of Post-Colonialism. The country is presently confronted with several challenges -communalism, caste conflicts, gender related issues, impact of globalization which are threatening the social fabric of the plural society of India. Ecological and environmental concerns at the national and international levels are taken into cognizance. In view of the co-relation between education and changing society it is imperative to enhance academic standards especially in times when the relevance of study of history is seriously questioned. It is essential to understand that we as a generation are inheritors of the great accomplishments of our forefathers. In strengthening the bond between the past and the future, social scientists, more so, students of history have a great role to play in connecting with the present. The focus of the curriculum has been mainly on socio-economic and cultural aspects though it is not divested of political or dynastic histories. With changing trends and latest developments in research updating of the curriculum is a necessary exercise. The intention is not a survey of the history of various periods but an indepth study of the problems and different perspectives. The aim is also to equip students for careers in teaching, research and civil services as well as strengthening analytical skills.
