Also, we recommend you to go through this article to make the most of your internship. Before you begin the internship, please go through these guidelines -

1. Always ask for a formal offer letter from the company and ensure that it includes key details such as the internship profile, duration of internship, stipend, certificate, etc.
2. We do not allow companies to charge the students for internships or offer unpaid internships (unless specially mentioned on Internshala). In case of mismatch in the details, or any issue with the internship, please report to us by visiting our help center.
3. Before you start the internship, get clarity on the performance parameters related to the stipend and certificate of completion from the employer.
