ADMINISTRATION

This application helped in automated attendance management, timetable creation, course assignment, and internal assessment processes.

- Its feature of automated attendance management streamlined the process of recording and tracking student attendance.
- The application also enabled instructors to mark attendance for individual sessions, allowing real-time monitoring of student participation.
- The system automatically compiled and generated semester-wise attendance reports, offering a comprehensive overview of student attendance patterns.
- It contributed to efficient course management by facilitating timetable creation and course assignment.
- It assisted in the process of internal assessment, course-wise, and consolidated mark sheet generation.
- The application also contributed to streamlined operations and improved data-driven decision-making.

Attendance Marking:

The Attendance Module of Linways Technologies is a crucial component designed to streamline and enhance the attendance management process within our educational institution. The following are its features:

- With its comprehensive features and user-friendly interface, this module significantly contributes to **efficient attendance tracking, report generation, and course management.**
- The module provides a convenient platform to capture and record student attendance. Instructors can mark attendance digitally using their mobile phones, eliminating the need for manual attendance registers.
- It can also generate attendance reports effortlessly. Students can access their hourly and semester-wise attendance records, promoting transparency and accountability. This feature enhances accuracy, reduces administrative burden, and ensures real-time attendance monitoring.

Batch Adding & Promoting Students:

Batches can be added newly when the new Admission starts by using create a new batch.

Promotion of batches is an essential activity when it comes to academic management software. After the Current Term/Semester ends we need to update the batches to their upcoming term.

An academic term (or simply term) is a portion of an academic year, the time during which an educational institution holds classes. Mostly the programs/courses offered by the colleges will be split into Terms/Semesters. Assessments and Subjects will be assigned for each semester.

After the current semester ends, we need to update to the next semester for that we need **batch promotion**. So the batch and students will be promoted to next term.

The screenshot displays the 'Batches' management interface of Linways Technologies Pvt. Ltd. The interface is divided into a sidebar and a main content area. The sidebar contains navigation links: Home, Departments, Curriculum Management, Programs, Batches (highlighted), Settings, Manage Students, Manage Assign Roles, Time Table, and CBE Management. The main content area is titled 'BATCHES' and features a search bar, a 'Create Batch' button, and a list of existing batches. The list includes details such as Batch ID, Program, Description, Curriculum, Year, and Term, along with a 'Promote batch' button for each entry.

Linways Subject Community Management System treats the subject as a community and the teacher as a moderator who leads that community. For the teacher, selecting a batch is the same as entering the classroom where they can see all the students in that batch.

From there, every relevant data metric related to that batch can be accessed including attendance records, performance graphs, etc. Faculties can plan and schedule their subject and classes systematically using Linways LMS.

Outcome-Based Education(OBE) is purely learner-centric and the whole experience of education rests on the ability of students to learn.

Not all students learn the same way and at the same pace. So instead of providing a standardized model, Outcome-Based Education accepts the diversity in the classroom and uses the element of continuous evaluation to make sure that the student does achieve the desired outcome at the end of education.

STUDENT ADMISSION AND SUPPORT

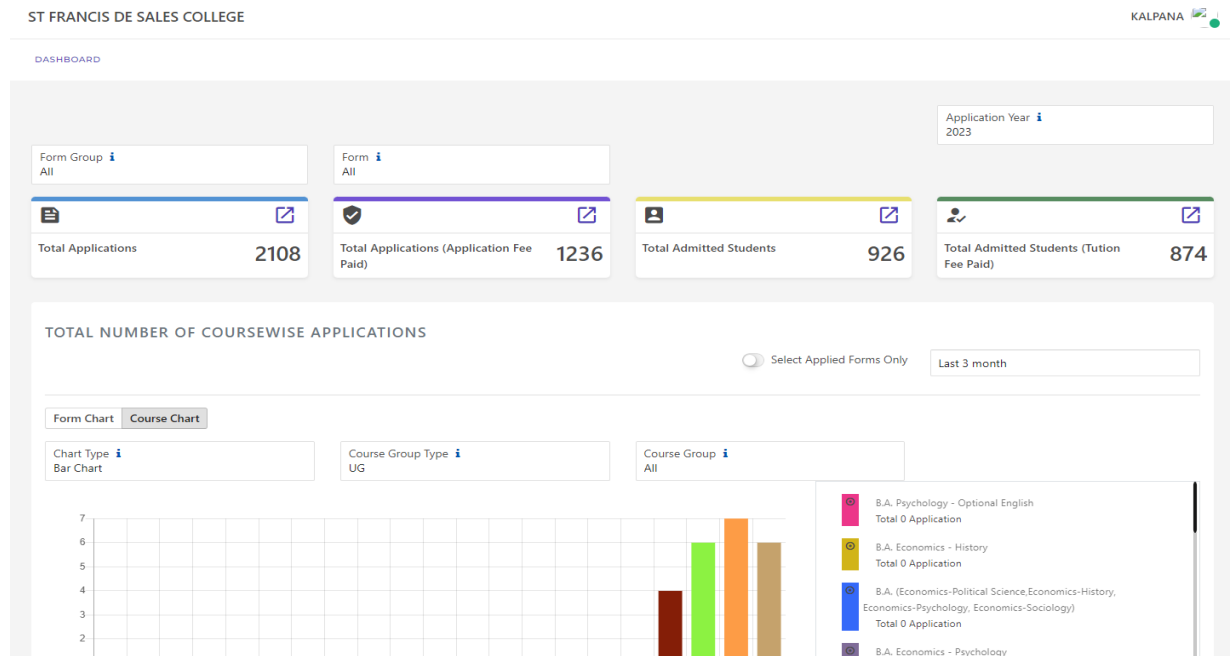

For any educational institution Admission Module acts as a face for the AMS used by the institution as it comes in contact with a large number of applicants each year who are trying to get admitted to the institution. So, keeping that in mind Linways Technologies has come up with an Admission Module that provides all the basic needs that should be included in any admission module as well as many more advanced features. The Admission Module provided by Linways includes features such as a Customizable Dash Board, Customizable application form creation options with no limitation in number, Master Data Creation options from UI, Custom Report options, Moderately Customizable applicant side user interface, Customizable stage creation/management options for handling admission procedures, etc. This document is intended to give an overview of all the features available in Linways Admission Module.

NAAC ACCREDITED • PERMANENTLY AFFILIATED TO BANGALORE UNIVERSITY • AICTE APPROVED • RECOGNISED UNDER SECTION 2(F) & 12 (B) OF THE UGC ACT • ISO 9001:2015 CERTIFIED

It lets admission teams capture student inquiries, check their eligibility, follow up, collect documents, and complete the application process digitally. The admission management system also allows students to apply online, check their application status, submit documents, and pay fees online without much time and effort.

The admission cycle is long and tedious. From student lead generation, document collection, selection, and admissions – everything involves a lot of paperwork and stress. Digital solutions for admission management such as the Linways Admission management system make the admission process easy and more accurate.

2.1 Introduction

St. Francis de Sales College, which is run by the Missionaries of St. Francis de Sales (MSFS) of South West Province, India, holds the belief that the education of the heart is at the core of education. With almost two centuries of experience and expertise in providing high-quality higher education across the globe, the MSFS Fathers are dedicated to realizing the vision of the College: Transformation, Excellence, and Efficiency.

In line with this vision, the College has taken a proactive step in establishing the Exam Cell. Since its inception in 2004, St. Francis de Sales College has made remarkable progress towards achieving its goals, and the establishment of the Exam Cell is yet another significant milestone. The primary objective of the Exam Cell at St. Francis de Sales College is to create a unified, technologically advanced, efficient, flexible, and transparent system. This system will ensure highly reliable testing and evaluation procedures while maintaining zero tolerance for unfair and inefficient practices.

Report of the Governing Body Meeting

14.08.2023

The Governing Body of the St. Francis de Sales College had its meeting on 14th August 2023 at 4:00 p.m. in the board room.

Members Present were as follows:

Rev. Dr. Thomas Kalariparambil – President

Rev. Dr. Binu Edathumparambil – Secretary

Rev. Dr. Santhosh Kumar – Member

Rev. Fr. Jijo Jose - Member

Rev. Fr. Robin T - Member

Rev. Fr. Riju Jose - Member

Ms. Sailaja M - Member (Teacher of the college)

Ms. Annie Christila - Member (Teacher of the college)

Dr. Joseph Injodey – Member (Educationist)

Prayer:

The gathering started with a prayer by Rev. Fr. Jijo Jose, the Vice Principal.

Words of Welcome:

Rev. Dr. Thomas Kalariparambil, the meeting's president, welcomed everyone and expressed his gratitude for all the support offered. He expressed his satisfaction with the institution's operations and appreciated the Principal, Vice Principal, and Administrator for the good work that has been done for the development of the college.

Report of the previous meeting by the Secretary:

The secretary, Rev. Dr. Binu Edathumparambil thanked the president for his welcoming remarks and presented the previous meeting's report.

Annual Report of the Institution:

The Annual Report of the institution was presented before the Governing Body for the academic year 2022-23 by the Principal Rev. Dr. Binu Edathumparambil. The report is attached.

Observations and Clarifications:

- The Governing Body decided that the institution will apply for Autonomous status as the UGC has changed its regulations regarding granting autonomy to institutions. A committee will be formed to apply for the autonomous status and the application to be submitted immediately.
- The institution will also apply for NAAC Reassessment to improve the grades of the institution. Improving the grades will give the institution more visibility and lead to more admissions and placements.
- The working system of the college has been restructured to decentralize the system and make everyone responsible for the institution's growth. The departments have been grouped under schools and the post of Assistant Deans have been created.
- The Office of Exams and Office of Research have been established given the preparations for the autonomous status.
- The e-governance report was submitted by the Principal before the Governing Body and the same was approved.
- The institution will explore the possibilities of collaborating with foreign universities and institutions of reputation.
- A Quality Team will be formed in the institution with experts to guide the institution to excellence.
- Benchmarks will be set to improve the standards and IQAC will be in charge of the process.
- Application to start MCA and MSW will be made to Bangalore University.
- Extension of the newly constructed block will be initiated to accommodate more classes.
- Placements and internship opportunities to be provided to students.

The meeting came to an end at 5:30 p.m. with a vote of thanks by the secretary.
