REPORT IN BRIEF: -

On behalf of Hindi department - SURABHI ASSOCIATION, Class Activity was conducted on the 21st of JULY, 2022 on the topic of *HANDWRITING* for II Sem BCA students.

On behalf of Hindi Department – SURABHI ASSOCIATION: *Handwriting* class activity was conducted on 21/7/2022 for Hindi students of II sem BCA. Around 12 students took part in the class activity. The objective of the class activity was to enhance self confidence among the students. To make them understand that success only comes to those who strengthen their belief in their abilities. Self-confidence makes the person more independent, eager, optimistic, loving and positive by nature.

The Surabhi Association conducts such activities for the overall development of the students. This improves their reading and speaking skills and also aids the learning process through creativity. The class activity focuses on critical and analytical thinking skills that improve communication. They learn to present their ideas in a coherent manner. It promotes research skills and the students gain knowledge through the same.

Class activity is a form of self-expression that allows students to frame their thoughts and present them. It is also an effective way to apply language skills in topics of various disciplines. The students participated well and gave a positive response to the program.

Students participated in Handwriting activity. Handwriting is a basic skill. It is important for a number of reasons. Handwriting is a basic tool used in many aspects - taking notes, writing tests, classroom work and homework for almost every content area as well as in language arts classes. Poor handwriting can have a pervasive effect on school performance. One of the most notable benefits of writing by hand is how it activates the brain. It reinforces literacy development and it helps us remember and comprehend. It also boosts our creativity. Students participated in this activity in a good manner.

Dr. Reva Prasad.
