

BANGALORE UNIVERSITY  
Jnana Bharathi, Bangalore-560 0 56

No. Aca III/CBCS/2014

Date: 29/11/2014

- To
1. The Deans of Faculties, Bangalore University
  2. The Chairpersons/Directors/Coordinators of Departments of Studies/Boards of Studies, Bangalore University,
  3. The Principals of Colleges affiliated to Bangalore University.

Madam/Sir,

Sub: UGC Guidelines on adoption of Choice Based Credit System.  
Ref: Letter D.O. No. F 1-1/2014 (Secy), dated 12<sup>th</sup> November, 2014  
from the Secretary, UGC, New Delhi.

This is to inform that the UGC has embarked on numerous measures to enhance efficiency and excellence in the higher education system in the country. The reforms undertaken in this regard have led to noticeable improvement in the standards of education. However, because of the diversity in the evaluation system followed by different Universities in India, students have suffered acceptance of their credentials, at times, across the University system, as well as the employment agencies.

In order to mitigate this procedure, the UGC has formulated Guidelines on adoption of Choice-Based Credit System (CBCS) by all the Universities. This would ensure seamless mobility of students across the higher education institutions in the country as well as abroad. The credits earned by the student may be transferred and would be of great value to the students in the event of their seeking migration from one institution to the other. You are requested to access the Guidelines from the UGC website [www.ugc.ac.in](http://www.ugc.ac.in).

It may be kindly be noted that Bangalore University has already introduced Choice Based Credit System in the Undergraduate and Postgraduate Courses from the academic year 2014-15 and the draft Regulations in this regard have already been circulated to all the Principals. Necessary modifications to the draft Regulations will be made as per the present UGC Guidelines and will be sent to the State Government for approval and the same will be circulated to all the concerned.

Yours faithfully,  
*Comm 4/9/14*

BANGALORE

UNIVERSITY

PROCEEDINGS OF THE EXTRA-ORDINARY MEETING OF THE ACADEMIC COUNCIL HELD ON 13-08-2014 AT 2.30 P.M. IN THE SENATE HALL, BUB.

Members Present:

1.	Prof. B. Thimmegowda, Vice-Chancellor	Ex-Officio- Chairman
2.	Mr. Ramachandra Gowda, MLC	Member
3.	Dr. Rajesh. E.B.	Member
4.	Dr. N. Ramachandraswamy	Member
5.	Mrs. Prabhavathi Bai	Member
6.	Prof. K. Ramesh	Member
7.	Mr. K.B. Vishwanatha Reddy	Member
8.	Dr. Rajashekar. N.	Member
9.	Prof. Govindaiah	Member
10.	Prof. M.S. Talwar	Member
11.	Prof. D. Jeevan Kumar	Member
12.	Dr. Suresh V Nadagoudar	Member
13.	Prof. M.K. Sridhar	Member
14.	Prof. B.K. Muralidhara	Member
15.	Mrs. Lydia Samuel	Member
16.	Prof. Nathalia D' Souza	Member
17.	Mrs. Aruna Kumar. N.	Member
18.	Prof. M. Ramachandra Mohan	Member
19.	Prof. B.C. Prabhakar	Member
20.	Prof. D. Anusuya	Member
21.	Prof. A.S. Rayamane	Member
22.	Dr. Anjanappa. M.	Member
23.	Dr. Ramakrishnaiah	Member
24.	Prof. H.N. Ramesh	Member
25.	Prof. S.R. Ananthanarayana	Member
26.	Dr. K. Muni Reddy	Member
27.	Mr. Nagaraj Sherigar, Finance Officer	Member
28.	Prof. K.N. Ninge Gowda, Registrar (Eval.)	Member
29.	Prof. K.K. Seethamma, Registrar	Member - Secretary

At the outset, the Chairman welcomed all the members for the meeting and informed the members about the sad demise of Dr. N.H. Manjunath, Dean, Faculty of Science, BUB. The House observed two minutes silence as a mark of respect to the departed member. Then, the Chairman requested to take up the Agenda.

*[Handwritten signature]*

*Item No.1: To consider the report submitted by the Local Inquiry Committee under the Chairpersonship of Prof. L. Gomathi Devi, Dept. of Chemistry, BUB.*

Prof. L. Gomathi Devi, Chairperson of the LIC presented the report of the Local Inquiry Committee in respect of Bangalore City College of Education, Bangalore and Sri Venkateshwara College of Education, Bangalore. She informed the House that the Local Inquiry Committee visited the above two colleges on 02-08-2014 and checked all the infrastructure and requirements necessary as per NCTE norms. The Principal of Bangalore City College of Education, Bangalore produced all the records and list of staff approved by the University and registers viz., admission, attendance, acquittance, stock, scholarship disbursement registers before the Committee. She informed that the staff are not qualified with NET/SLET and the staff quarters have not been provided by the college. Further, the college has made 28 admissions during the year 2013-14 and 15 during 2012-13. The college has to equip the Library with required nos. of books as per NCTE norms. The College has got 49.2% weightage as per new tool.

In respect of Sri Venkateshwara College of Education, Bangalore the Principal had shown the 3<sup>rd</sup> floor of the building meant for B.Ed. course which is of 11,644 sq.ft. floor area. The college has appointed a Librarian. 100 students were admitted for 2013-14. However, none of the students were present during the visit of the Committee. We were told that students had gone for teaching practice classes. The Library needs to be upgraded with adequate no. of books as per NCTE norms.

The Committee has recommended for renewal of affiliation to the above two colleges and she requested the House to consider the report.

Dr. Rajesh E.B., informed the House that, his college (Cauvery College of Education) was made as centre for examination for the year 2012-13 for the students of Bangalore City College and the admission register of the said college which was produced at the time of examination is still in their custody and the college has not taken back the register. The Chairperson of the Local Inquiry Committee opined that admission register of 2012-13 shown to the Committee might be the other one. Dr. Ramesh. K, said that the floor area of Bangalore City College of Education is 4,868 sq.ft. x 3 floors and it is short of NCTE requirements. Hence, the affiliation cannot be given to Bangalore City College of Education. Prof. Jeevan Kumar and Prof. B.C. Prabhakar felt that the affiliation can be given as the College has secured 49.2%

weightage. However, the observations recorded by the Local Inquiry Committee and comments made in the Academic Council meeting may be communicated to the colleges.

Prof. M.K. Sridhar expressed that the Local Inquiry Committee tool was prepared after discussion in the Academic Council as well as Syndicate. Hence, we should respect the new tool and the recommendation of the Local Inquiry Committee may be accepted.

**Resolution: After detailed discussion the House resolved to accept the recommendations of the Local Inquiry Committee.**

**Item No.2: To consider the re-inspection reports submitted by the Local Inquiry Committee under the Chairmanship of Prof. Govindaiah, Professor, Department of Sericulture, Bangalore University, Bangalore.**

Prof. Govindaiah, Chairperson of the Local Inquiry Committee informed the House that the Committee under his Chairmanship re-inspected four colleges for enhancement of intake and renewal of affiliation. The Committee has recommended for enhancement of intake from 30 to 40 for BCA course at Global Institute of Management Science, Bangalore and for enhancement of intake to B.A.S.L.P. course from 20 to 30 at Samvaad College of Speech and Hearing, Bangalore. Further, the Committee has recommended for renewal of affiliation to Mother Theresa College of Management and Science, Nelamangala as the college has good infrastructure and the college is situated in rural area. However, in respect of DBA Degree College, Bangalore the Committee visited the address given and there was a name board of the college but nobody was present there and it was told that the college does not exist in the said address. He further informed that, the Committee had made repeated efforts to call the college office land line numbers and Cell Phone numbers but in vain. The Committee had to return without visiting the Institution.

**Resolution: After detailed discussion, the House resolved to approve the recommendations of the Committee in respect of the following Colleges.**

Sl. No.	Name of the College	Recommendations of the Committee
1.	Global Institute of Management Science, Rajarajeshwari Nagar, Bangalore-560 098	Recommended for enhancement of intake for B.C.A. course from 30 to 40 for the year 2014-15.
2.	Mother Theresa College of Management and Science, 94/1, Arasanakunte Danojipalya, Nelamangala, Bangalore-24	Recommended for renewal of affiliation for the year 2014-15 to B.B.M. and B.Com courses with existing sanctioned intake.

3.	Samvaad College of Speech and Hearing, # 18, 1 <sup>st</sup> cross, 5 <sup>th</sup> Main, Anandagiri Extension, Hebbal, Bangalore-24.	Recommended for enhancement of intake to B.A.S.L.P. course from 20 to 30 for the year 2014-15.
----	---	--

*Further, the House resolved to recommend for disaffiliation of DBA Degree College, Rupena Agrahara Village, Begur Hobli, Hosur Road, Madiwala, Bangalore-68 as the same findings were made by the earlier Committee.*

***Item No.3: To consider the recommendations of the Faculty of Commerce Meeting held on 7-8-2014.***

The Chairman requested the Dean, Faculty of Commerce, to present the recommendations of the Faculty of Commerce Meeting held on 7-8-2014.

The Dean presented the recommendations of the Faculty of Commerce Meeting held on 7-8-2014, with regard to introduction of Choice Based Credit System for P.G. courses in M.Com., M.F.A., M.I.B., M.T.A. and 5 years Integrated Course in M.T.A.

***Resolution: The Academic Council resolved to approve the recommendations of the Faculty of Commerce Meeting held on 7-8-2014.***

***Item No.4: To consider the recommendations of the Faculty of Science Meeting held on 5-08-2014.***

The Chairman requested the Dean, Faculty of Science, to present the recommendations of the Faculty of Science Meeting held on 5-08-2014.

The Dean, Faculty of Science informed the House that the Syllabus and Scheme of Examination were framed under Choice Based Credit System and requested to deliberate on the subject.

***Resolution: The Academic Council resolved to approve the recommendations of the Faculty of Science Meeting held on 5-08-2014 and authorized the Dean, to incorporate the corrections if any, in the Syllabus and Scheme of Examinations.***

*KS*

***Item No.5: To consider the recommendations of the Faculty of Arts Meeting held on 4-8-2014.***

The Chairman requested the Dean, Faculty of Arts to present the recommendations of the Faculty of Arts Meeting held on 4-8-2014.

The Dean, Faculty of Arts informed the House that the Syllabus and Scheme of Examination were framed under Choice Based Credit System and requested to deliberate on the subject.

***Resolution: The Academic Council resolved to approve the recommendations of the Faculty of Arts Meeting held on 4-8-2014 and authorized the Dean, to incorporate the corrections if any, in the Syllabus and Scheme of Examinations.***

***Item No.6: To consider the recommendations of the Faculty of Education Meeting held on 7-8-2014.***

The Chairman requested the Dean, Faculty of Education, to present the recommendations of the Faculty of Education Meeting held on 7-8-2014.

The Dean, Faculty of Education informed the House that the Syllabus and Scheme of Examination were framed under the Choice Based Credit System and requested to deliberate on the subject.

***Resolution; The Academic Council resolved to approve recommendations of the Faculty of Education Meeting held on 7-8-2014.***

***Item No.7: To consider modification to the existing regulation of B.Com. Degree Course from the academic year 2014-15.***

The Dean, Faculty of Commerce informed the House that as per the request of the Chairman, Department of Commerce, has recommended the following modification to the

Regulation for admission to the B.Com Degree Course from the academic year 2014-15 and requested the House to approve the same.

Existing	Modification sought
Candidates who have completed Two year Pre-University course of Karnataka State or its equivalent with Business Studies and Accountancy as two major subjects of study in both first and second year Pre-University are eligible for admission to this course.	Candidates who have completed Two years Pre-University course of Karnataka State or its equivalent with Business Studies and Accountancy as two major subjects of study at Pre-University level are eligible for admission to this course.

**Resolution:** *The Academic Council resolved to approve the above mentioned modification to the Regulations with regard to eligibility for admission for B.Com. degree course to be effective from the academic year 2014-15.*

**Item No.: 8 & 9:** *To consider promotion as Professor under UGC-Career Advancement Scheme for the Telugu/Kannada Language Teachers –reg.*

The Vice-Chancellor informed the House that under UGC-Career Advancement Scheme with regard to promotion of Teachers under 19.4, the revised Regulations relating to Direct Recruitment and Career Advancement are as follows:

Statute :19.4: Besides the indexed publications documented by various discipline-specific databases, the University concerned shall draw through Committee(s) of subject experts and ISBN/ISSN experts (a) a comprehensive list of National/Regional level journals of quality in the concerned subject(s) and (b) a comprehensive list of vernacular language journals/ periodicals/ official publication volumes of language bodies and upload them on the University website which are to be updated periodically. At the time of assessing the quality of publications of the candidates during their appointments/promotions, the selection committees shall have to be provided with the above two lists which could be considered by the selection committees along with the other discipline-specific databases.

Accordingly, the Chairperson, Dept. of Telugu, had placed the matter before the Special Board of Studies and has submitted the proceedings of the Special Board of Studies in Telugu with regard to CAS promotions.

The Special Board of Studies has unanimously resolved to recommend to the University to consider the following as equivalent to books/journals without ISBN/ISSN Numbers for promotion of teachers to the post of Professors.

- a) Registered Journals/books with Editorial Board.
- b) Journals published by renowned researchers/academicians/philanthropists.
- c) Journals published by reputed publishers over a period of ten years or prior to 2012.
- d) Conference proceedings which are financially supported by the Universities/National bodies/Govt./UGC., etc.,
- e) Articles published in Institutions like Sahitya Academi/ Folklore Society/DSERT/ Basavasmithi/CIL/Misimi/Shaitya Prathanam/Telugtejam/Kannada Sahitya Parishath/ University publications/ Telugu Vijnanasamithi/ Cultural Academics etc.,
- f) Article published in journals which are cited in research thesis and referred journals etc.,
- g) Journals/books recommend for UG/PG courses at University level.

**JOURNALS:** Papers published in Journals:

1. Misimi-samputi-19, sanchika-122, dec-2008
2. Telugu Tejam-samputi-1, sanchika-3, 4 Feb, March – 2009
3. Sahitya prasthanam, samputi-8, sankchika-43, June-2009

- BOOKS:**
1. Suvarna Karnataka male – 2007
  2. Boji bheemanna sahityam jaatiya drukpatham – 2008
  3. Acharya kolakaluri Enoch Sahityam paivimarsanam – 2009

**Proceedings:** 1. Telugu vani – Aidava akhila Bharata Telugu maha sabhala pratyeka sanchika – June - 2007

**Resolution:** After deliberation, the Academic Council resolved to approve proceedings of the Board of Studies in Telugu (PG) with regard to promotion as Professor under UGC – Career Advancement Scheme for Telugu Language Teachers.

**Under Any other Item:**

The Dean, Faculty of Engineering informed the House about UVCE completing one hundred years of its existence in 2017. He requested the Hon'ble Vice-Chancellor to announce a suitable Developmental Model for this unique Institution.

The Vice-Chancellor in response to this, informed the House the details of his discussion with the Higher Education Minister and some distinguished Alumines. He said that a Committee of Experts will have to be constituted to look into the Pros and Cons and suggest a suitable developmental Model suitable to a constituent College of the University, like U.V.C.E. This Committee will take into cognizance the views of all the stakeholders and the existing developmental proposals and will submit a comprehensive report to the University. Based on the recommendations of the report and the decision of this House, action will be taken for the developmental works of U.V.C.E.

The meeting concluded with thanks to the Chair.

<b>Semester Total of Credits</b>							<b>24</b>
<b>Program Grand Total of Credits</b>							<b>100</b>

**M.Sc**  
**I SEMESTER**

**Preamble:**

Masters Degree in psychology has been of great demand in the recent years. The need for psychological assistance and guidance has been recognized by all the sections of the society and there is a dearth of professionals in the field. Keeping this in mind the present curricula has been framed to provide theoretical as well as practical training in a wide range of specializations that would help the post graduate to be eligible to be employed in the field of education, clinical/hospital setup as well as in organizations in the capacity of counsellor, clinical psychologist, psychometrician, trainer and as a facilitator in organizational development process. Students would also be equipped to prepare and fare well in competitive examinations conducted by UGC/ICSSR/State and Central Civil Services Boards etc.

The course has been redesigned with emphasis not only on the syllabi but also on co-curricular activities such as book reviews/seminars/ presentations/assignments that would be out of the syllabi and constitute a part of the internal assessment.

**Project work in the second semester:**

Since the students would study psychometry as a soft core paper field work could be thought of as a group/team work with each group working on designing/developing a psychological test. The evaluation of the same would constitute presentation by the batch/team followed by viva voce examination( the procedure is being followed in the professional courses like engineering).

**Project work in the fourth semester:**

This would also be team/batch wise and topics could be chosen from any of the field of their interest.

---

**101: THEORETICAL PERSPECTIVES OF PSYCHOLOGY**

**Learning objective:** Students would get a historical perspective about the development of psychology as an independent body of knowledge. The emphasis is on understanding human behaviour from each school's perspective in respect of human motivation, development and

functioning of human personality and the application of principles of each school to the development of mankind as well as its therapeutic value.

### **Unit 1- Psychoanalytical perspective:**

History, Sigmund Freud's approach, Carl Jung, Adler, and other Neo-freudian approach to motivation, personality, therapy and applications.

### **Unit 2 - Behaviouristic perspective:**

- Learning- Classical Conditioning (Pavlov) and Operant Conditioning (Skinner);
- Motivation – Drive and incentive theories (Hull), (Miller and Dollard, Rotter);
- Personality – Mowrer; therapeutic techniques and applications.

### **Unit 3 - Humanistic & Existential perspectives:**

- Motivation : Hierarchy of motives (Maslow), ERG Theory (Alderfer), Theory of needs (McClelland);
- Personality : Personal construct ( Kelly), Self-theory of personality (Rogers); Existential approaches; therapies and application.

### **Unit 4 - Cognitive and Social Perspectives:**

- Motivation: Cognitive balance and dissonance theory (Hieder, Festinger);
- Personality: Dissonance ( Brehm), Social learning theory (Bandura); therapy and application.

### **Unit 5 -Indigenous Perspectives:**

- Motivation: Advaita, Buddhist and Jaina perspectives;
- Personality: Advaita, Upanishads, Buddhist and Jaina perspectives;
- Therapy (healing techniques), Applications.

## **102: COGNITIVE PSYCHOLOGY**

**Learning Objective:** Cognitive Psychology is one of the fields of psychology that addresses many of the specialised functions of human beings. Development in the field of science especially in computer science and neurology has brought in a paradigm shift in understanding human behaviour. Students would get an orientation in this direction.

### **Unit 1. Fundamentals & Current areas of research in cognitive psychology.**

- Definition, Emergence of cognitive psychology, nature of cognitive psychology, Current areas of research in cognitive psychology, (Educational application, marketing and advertisement,)
- Research methods in cognitive psychology- goals of research. Distinctive research method.
- Attention and consciousness. Theories models of attention.
- Consciousness – history, function, consciousness of mental process, modern theories of consciousness. Memory- types, determinates models of memory.

### **Unit 2. Higher Cognitive processes – Reasoning, Creativity.**

- Reasoning definition, types, influencing factors, moral reasoning,
- creativity- definition, steps involved in creative process, obstacles involved in creativity, enhancing techniques of creativity.

### **Unit 3. Psycholinguistics**

- Language origin, Definition, theories - Chomsky.
- Semantics, pragmatics, syntax, characteristics of language.

### **Unit 5. Meta cognition**

- Problem solving, steps in problem solving, types, methods, obstacles and aids of problem solving, Meta-cognitive strategies.
- Artificial intelligence, Robotics, Models on Information processing, Consciousness.

### **Unit 4. Cognitive neuroscience**

- Definition, Emergence of cognitive neuroscience, Scope,
- Perspectives on Examining the Architecture and Function of the Human Brain as a Complex System.
- The Landscape of Cognitive Neuroscience: Challenges, Rewards, and New Perspectives. Development of the Primate Cerebral Cortex. Early Development of Neuronal Circuitry of the Human Prefrontal Cortex. Unraveling the Role of Neuronal Activity in the Formation of Eye-Specific. Connections. Brain Changes Underlying the Development of Cognitive Control and Reasoning.

- Plasticity : Mechanisms of Selective Attention in the Human Visual System: Evidence from Neuroimaging. The Frontoparietal Attention Network. Spatial Deficits and Selective Attention. Selective Attention Through Selective Neuronal Synchronization

## **103: BIOPSYCHOLOGY**

**Learning objective:** Students would get an orientation towards the dynamics of brain behaviour complexity. Each unit would deliberate on psycho physiological correlates accounting for general phenomena, individual differences, and abnormal functions of human behaviour.

### **Unit 1 - Brain behaviour dynamics**

- Bio psychology- Nature and Scope. Methods of studying the brain – Ablation, Recording and Stimulation methods, Neurochemical methods.
- Nervous systems. – Structure and functions. Divisions - Central and Peripheral NS.
- Brain and cognitive functions – intelligence, memory, learning,
- Endocrine system – functions and effects of endocrine glands.

### **Unit 2 – Neuro psychology**

- Neurons - Structure, types and functions of neuron. Neuronal conduction – communication between neurons, synaptic conduction
- Neurotransmitters – categories and functions.
- Neurological disorders- Tumors, Seizures, Parkinson’s disease, Huntington’s disease, Alzheimer’s disease, Multiple Sclerosis.

### **Unit 3 - Behaviour genetics**

- Behaviour genetics: Nature and scope,
- Methods of study and research techniques,

- Chromosomal functions,
- Hereditary determinants of behaviour.
- Eugenics, genetic engineering.

#### **Unit 4 - Evolutionary perspectives-**

- Principles of Evolution – human behaviour - Reflexes, Instincts
- Environmental influences on behaviour – human and non-human species.
- Current researches in evolutionary biopsychology
- Controversial issues in evolutionary bio-psychology

#### **Unit 5 - Psycho pharmacology**

- Basic principles of psychopharmacology
- Classification of Psychotropic Medications - Antipsychotics, Antidepressants , Anxiolytics and sedatives , Mood stabilizers , Stimulants , Sedatives / Hypnotics , Miscellaneous drugs.
- Adverse Effects of Psychotropic Medications - Drug-drug interactions , Side effects , Orthostatic Hypotension , Sexual dysfunction and hyper prolactinemia , Liver/Kidney dysfunction
- Ethical issues in Psycho-pharmacology.

## **104: RESEARCH METHODS**

**Learning objectives:** psychology being a science subject measurement and quantification is of great importance. Undertaking an empirical study, Testing the accuracy of the findings require sound knowledge about the various statistical techniques and tests. Students would get acquainted with the types of research, designs and the ways and means of analysing the data.

### **Unit 1 - Research Process (12 hours)**

- Definitions of research, science and scientific methods, limitations of scientific research. Steps involved in research process (Formulation of a problem, Literature review, Development of a hypothesis, Research design, Sampling design, Research proposal, Collecting data, Data analysis, Report writing/ thesis writing).
- Research problem-source, selection criteria, defining, statement, delimitation
- Ethical issues for research.

### **Unit 2- Variables, Probability and Hypothesis testing (14 hours)**

- Variables: IV, DV, control and extraneous variables.
- Hypothesis- definition, characteristics, types; Hypothesis testing
- Concept of Probability, Normal Probability Curve, Characteristics of the Curve, probabilistic estimation and limitations (Type I & type II errors).
- Concept of Statistics: parametric and non-parametric, descriptive, inferential, correlational, tests of significance, effect size, power of tests, tests for homogeneity of variance, regression, data reduction

### **Unit 3 Sampling and Data Collection (10 hours)**

- Sampling design: Meaning, probability and non-probability sampling methods and determinants of sample size.
- Data collection methods: Observation: naturalistic, laboratory, participant and non-participant, structured and unstructured; interview: structured and unstructured, questionnaires: close-ended and open-ended, scales.

### **Unit 4- Research designs (16 hours)**

- Part A: Experimental Designs: True Experimental (Between group, within groups, factorial),
- Part B: Quasi-experimental Designs: (Designs with control group, designs without control group, designs to measure developmental changes)
- Part C: Non-experimental (Observational, survey, correlational) ,
- Other ways of classifying Research Designs: Designs based on the purpose of the study- Exploratory research designs, Descriptive designs, Explanatory designs, Experimental designs; Designs classified by their intended use- Interventions designs, Evaluation designs, Action research designs; Designs indicating the effects of time- Cross sectional research designs, Longitudinal research designs

### **Unit 5- Report Writing (8 hours)**

- General Guidelines, Need for a report, Types of Writing, Purpose of writing, Avoiding plagiarism, Organizing information, Report writing in APA format, references in APA format

---

### **PRACTICALS 1: Experimental Psychology.**

- a. Experiments on sensation and perception.
- b. Experiments on learning and memory.
- c. Experiments on higher cognitive functions.

### **PRACTICALS 2: Computer Applications.**

- Using MS Word to create and edit documents:

Opening MS Word, Font, centring, justification, right and left alignment, cut, copy, paste, bold, italics, underline, all caps, small caps, strike through, upper case, lower case, sentence case, title case, subscript, superscript, headings and levels, running head and header, page numbers and footer, inserting pictures, smart art and shapes, margins, new page, new section, inserting symbols, inserting tables, inserting charts, views (print view, outline view), importing and exporting to MS Excel, printing documents; renaming files in the file explorer, copying and moving files to other spaces in the hard drive and other drives.

- Using MS Excel to create and edit spread sheets

Rows and columns, entering data, copying and auto fill of data, formulae, creating charts, formatting cells, creating tables, views (print view) importing and exporting to MS Word and SPSS, printing spread sheets, renaming files in the file explorer, copying and moving files to other spaces in the hard drive and other drives.

- Using MS Power point to create and edit presentations  
New slides, title slide, body slide, two column slides etc, creating backgrounds, inserting pictures, charts, drawing objects, and smart art; inserting simple animations, inserting slide transitions, outline view and slide sorter view, merging two presentations, creating handouts, creating .rtf files to export to MS Word, renaming files in the file explorer, copying and moving files to other spaces in the hard drive and other drives.

- Using any one statistical package SPSS  
Data entry and coding, Importing data to SPSS from MS Excel, Calculating Mean, Median and Mode, and, Standard Deviation, Scatter-plot, Pearson's Product Moment Method, Spearman's Rank order Method, t-test (independent & paired), ANOVA, MANOVA, Chi-square, Mann Whitney U test, Median test, Wilcoxon test, Sign test, Kruskal-Wallis test, Friedman test, Interpreting the output generated by SPSS, Exporting to MS Word, MS power point, and creating PDF and html formats.

- Interpretation of output drawn from the statistical package.
- 

## **SOFT CORE PAPER**

### **105: PSYCHOMETRY**

**Learning objective:** To orient the students to the concept of measurement and test construction, to enable students to create tests that are reliable and valid and develop norms, to enable students to use appropriate tests in various situations.

#### **Unit 1 – Measurement and Testing Basics (12 hours)**

- Part A: Measurement: meaning, differences between psychological and physical, properties of scales and measures, Levels of measurement, Likert scale; Uses of scales
- Part B: Testing: Nature, meaning and use of psychological tests. Characteristics of a good Psychological test. Ethical issues in use of tests.

#### **Unit 2 – Test Construction (12 hours)**

- Item response theories, Item writing, item difficulty, item discrimination, item validity, item analysis.
- Development of norms, interpreting test scores.
- Reliability and validity of tests – types and methods.

#### **Unit 3 – Application of Tests (12 hours)**

- Types of tests. Individual tests, tests for special populations, group testing; self-report, projective testing and behavioural measures; speed and power tests, verbal, nonverbal and performance tests; culture fair and culture free tests
- Using tests in Educational, occupational and clinical-counselling settings

## **M.Sc- II SEMESTER**

### **201: PERSONALITY PSYCHOLOGY**

**Learning objective :** The primary objective of the study of psychology is to understand individual differences. Personality is one of the variable that accounts for individual differences in the manner in which people understand and react to the various life experiences. Understanding of personality is essential across the stages of development in shaping the personality for its optimal functioning.

#### **Unit 1 – Nature, Dimensions and measurement of personality**

- Definition and Approaches to study personality, The trait approach to personality,
- Methods of personality assessment,
- Structural models of personality,
- The Five-Factor Model of personality traits.

#### **Unit 2 – Personality in the social and cultural context**

- The storied construction of personality,
- Personality and social support processes, Social pain and hurt feelings
- Personality in cross-cultural perspective, Culture and personality
- Personality and politics

#### **Unit 3 – Personality in the educational context,**

- Personality development of students,
- Factors influencing personality development

#### **Unit 4 – Personality in the work context,**

- Personality and personnel selection,
- Personality correlates of job performance ,

Unit 5 – Personality and Criminal psychology: Crime and Personality, Personality Modification in the criminal justice system.

#### **References:**

- Cambridge Handbook of Personality.
- Personality Psychology. Domains of knowledge about Human Nature, Randy.J.Larsen, David M Buss.2<sup>nd</sup> edition
- Theories of Personality, Hall and Lindsey.

## **202: COUNSELLING AND GUIDANCE**

**Learning objective:** The professional services of a psychologist in the modern era has undergone a paradigm shift from clinical orientation to enhancing quality of life. Professional counselling approach and guidance based on objective, scientific guidelines would ensure the quality of life. The paper highlights on the principles, theories and the requirements for an effective counselling psychologist.

**Unit 1.** Basic concepts, types and scope, principles of guidance and counselling

**Unit 2.** Theories of guidance and counselling – Roger, Erikson, Adler, Skinner

**Unit 3.** Qualities of a counsellor – personal and professional, ethical considerations

**Unit 4.** Counselling process – steps and procedures of counselling

**Unit 5.** Areas of counselling – educational, vocational, avocational, social, health, personal and moral

## **203: CHILD PSYCHOPATHOLOGY**

**Learning Objective:** The paper provides the student with a thorough understanding of the causes, features and therapeutic intervention on developmental psychopathology.

**Unit 1: Introduction to Developmental Psychopathology**

- Models of child psychopathology; Development and Expression of psychopathology;
- DSM criteria of child psychopathology;
- Assessment, Diagnosis and Treatment strategies;
- Research on child Psychopathology;
- An overview of child psychopathology in India

**Unit 2: Developmental disorders diagnosed first in infancy, childhood, and adolescence**

- Mental retardation; Learning disorders
- Motor skills disorder: Developmental Coordination disorder
- Communication disorders: Expressive language disorder; Mixed Receptive-Expressive language Disorder; Phonological disorder; Stuttering

### Unit 3

- **Pervasive Developmental Disorders:** Autistic disorder; Rett's disorder; Childhood Disintegrative disorder, Asperger's disorder; Pervasive Developmental Disorder Not Otherwise Specified.
- **Attention-Deficit and Disruptive Behaviour Disorders:** Attention-Deficit/Hyperactivity Disorder; Conduct disorder; Oppositional Deviant Disorder; Attention-Deficit/Hyperactivity Disorder Not Otherwise Specified; Disruptive Behaviour Disorder Not Otherwise Specified
- **Feeding and Eating Disorders of Infancy or Early Childhood:** Pica; Rumination Disorder; Feeding Disorder of Infancy or Early Childhood.

### Unit 4

- **Tic Disorders:** Tourette's disorder; Chronic Motor or Vocal Tic Disorder, Transient Tic Disorder.
- **Elimination disorders:** Encopresis, Enuresis,
- **Other disorders of Infancy, childhood and adolescence:** Separation Anxiety disorder, Selective mutism, Reactive Attachment Disorder of Infancy or Early childhood; Stereotypic Movement Disorder

### Unit 5

- Mood disorders and Suicide; Schizophrenia; Anxiety disorders
- **Special Areas:** pathological aspects of Day care, Foster care and adoption; Physical abuse, Sexual abuse and Neglect of the child; Identity problem and Borderline disorders in adolescence

## **204: QUALITATIVE RESEARCH METHODS**

**Learning objective:** This paper provides students with a critical understanding of qualitative research methods in Psychology. The focus of this paper is also to use qualitative methods in conjunction with quantitative methods and independently. The hands on experiences will help the students to design qualitative studies and the importance of qualitative research in Psychology.

### **Unit 1 - Nature of qualitative research:**

- The history of qualitative research; The Philosophy of qualitative research; Characteristics of qualitative research; The main steps in qualitative research;
- Reliability and validity in qualitative research;
- Critique of qualitative research: Application of qualitative research methodology to research in Psychology

### **Unit 2 - Designing Qualitative Research:**

- Theory and concepts; Conceptual mapping; research questions; Defining the case;
- Sampling and Instrumentation. Mixed methods;
- Design a qualitative study to suit a Psychology research

### **Unit 3 –Paradigms of Qualitative research:**

The Paradigm of Qualitative research methods – Ethnography; Participant Observation; Interviews in qualitative research

### **Unit 4 – Qualitative Research Techniques:**

Focus Group Discussion; Conversation Analysis; Discourse Analysis; Life history method; Document based methods

### **Unit 5 - Data Analysis:**

- Strategies of qualitative data analysis: Analytic induction; Grounded theory. Steps in qualitative data analysis - Coding, Within-case analysis, Cross-case analysis, Matrix displays; Triangulation;
- Ethical issues in Analysis;
- Computers in qualitative data analysis

#### **PRACTICALS 205 : Child Assessment and Intervention.**

- Assessment of cognitive abilities
- Assessment of personality
- Screening and diagnostic tools
- Intervention strategies

#### **PRACTICALS 206: Project Work.**

### **SOFT CORE PAPER**

#### **207: THEORIES OF LEARNING**

**Learning objective:** Learning is essential for adjustment to one's life. Knowledge of principles and theories of learning for a psychologist is essential in bringing about desirable changes in his/her clients. Hence, this paper throws light on application of learning theories in the human context.

**Unit 1** – Nature of Learning Theories, Need for a theory, Variables, Laws of learning, Problems and issues, determinants of learning, applications of learning research.

**Unit 2** – S-R Theories: Pavlov, Guthrie, Thorndike, Harlow, Skinner, Current status of research and applications.

**Unit 3** – Drive Reduction Theories: Hull, Mowrer, Spence, Miller. Current status of research and applications.

**Unit 4** –Cognitive Theories: Tolman, Gestalt theories- Kohler, Koffka, Current status of research and applications.

**Unit 5**– Learning in the educational context- learning styles, academic achievement, determinants of academic performance.

## **M.Sc -III SEMESTER**

### **301: ORGANIZATIONAL BEHAVIOUR I- A MICRO PERSPECTIVE**

**Learning objective:** Organisational behaviour is one of the branches of psychology with an objective of understanding people at work place. The factors related to individual differences like perception, learning, personality, motivation, etc., would contribute to satisfaction and effectiveness at both individual and organisational level. The dynamics of these factors are introduced to the students through this paper.

#### **UNIT – 1: INTRODUCTION TO ORGANIZATIONAL BEHAVIOUR**

- Nature of organizational behaviour, importance and fundamental assumptions. Historical background, OB to Globalization and Diversity. OB to Technology. OB to people's Changing Expectations.
- Organizational Justice: Nature and Strategies. Ethical Behaviour in Organizations: Nature, Meaning. Individual Differences in Cognitive Moral Development, Situational Determinants of Unethical Behaviour, corporate ethics programmes. Beyond Ethics: corporate Social Responsibility.

#### **UNIT – 2: PERCEPTION AND LEARNING:**

- Social Perception and Social Identity. Attribution Process. Perceptual Biases: Systematic Errors, Stereotyping. Perceiving others: Organizational Applications- Performance appraisal.
- Learning: Operational Conditioning- Learning through Rewards and Punishments. Training-varieties of training, principles of learning. Organizational behaviour Management.

#### **UNIT –3: INDIVIDUAL DIFFERENCES: PERSONALITY, SKILLS AND ABILITIES, STRESS**

- PERSONALITY: Nature and Measurement. Big Five dimension. Work related aspects of Personality- Achievement motivation.
- ABILITIES AND SKILLS: Intelligence, physical abilities, social skills.
- STRESS: Nature, Stressors in organizations, Cognitive appraisal, Bodily responses. Causes and Effects of stress. Reducing Stress.

#### **UNIT – 4: WORK - RELATED ATTITUDES: PREJUDICE, JOB SATISFACTION AND ORGANIZATIONAL COMMITMENT**

- ATTITUDES: Nature and Definitions, essential components.
- PREJUDICE AND DISCRIMINATION: Meaning Stereotypes, strategies to overcome workplace prejudice.
- JOB SATISFACTION: Nature and Theories. Consequences of Job Satisfaction, Reduction of job dissatisfaction.

- ORGANIZATIONAL COMMITMENT: Attitude towards Companies, varieties of organizational commitment.

#### **UNIT – 5: MOTIVATION IN ORGANIZATIONS**

- Nature, Components, motivates by enhancing fit with an organization. Motivating by setting Goals, by Equitable, by Altering Expectations, by structuring jobs.
- Personality and values: values and ethical behaviour at work place
- Emotions and moods

### **302: PSYCHOPATHOLOGY**

**LEARNING OBJECTIVE:** This paper aims to give a broad idea of the field of clinical psychology and to familiarize the student with the psychopathological aspects of human behavior.

**Unit 1:** Introduction. Definition, historical review. Changing attitudes and concepts of mental health and illness. Current views. Models for understanding psychopathology. Psychoanalytical, behavioral, interpersonal and humanistic. Need for and types of classification of mental disorders. DSM and ICD systems of classification.

**Unit 2:** Anxiety and stress related disorders: Causes, types and clinical features of anxiety disorders. GAD, panic, phobic disorders. Obsessive compulsive disorders.

Stress related disorders. Causes, types and clinical features of acute and PTSD.

**Unit 3.**Mood and schizophrenic disorders.Causes, types and clinical features of mood disorders (manic, depressive, bipolar mood disorders).Causes, types and clinical features of schizophrenia, Delusional disorders.

**Unit 4:** Somatoform and dissociative disorders. Causes, types and clinical features of somatisation disorder, hypochondriac disorders.

Personality disorders, Causes, types and clinical features of paranoid, schizoid personality, antisocial.

**Unit 5:** Substance abuse - Causes, types and clinical features of alcohol and substance abuse.

Brain impairment.Dementia, Amnestic syndromes.Pervasive developmental disorders.Causes, types and clinical features of mental retardation and Autism.

### **303: PSYCHOLOGICAL THERAPIES**

**LEARNING OBJECTIVE:** This paper aims at providing adequate information regarding the psycho therapeutic techniques for enhancing the psychological well-being of individuals.

**Unit 1.**Introduction to interventions.Definition of psychotherapy.Goals of intervention.Professional issues- training, ethical issues, personal characteristics of therapists, future of therapy.

B:Psychotherapy in India. Development and current status.Yoga and Buddhistic traditions in therapy.

**Unit 2.** Psychoanalytical therapies, Brief dynamic therapies, Indications and evaluation.

B: Neo Freudian approach, Ego analytical therapies. Current status and evaluation.

**Unit 3.** Humanistic approaches- Rogerian and Gestalt therapy

B: Group approaches. Nature of group therapy. Utility evaluation. Family therapy, general types, need and application.

**Unit 4.** Behavior therapy. A: Techniques based on Classical, operant and modeling theories. B: Cognitive behavior therapy. Therapy based on work of Ellis, Beck and Meichenbaum.

**Unit 5.** Community based intervention. Difference between therapeutic and community health models. Concepts of Prevention, Crisis Intervention and Rehabilitation.

B: Special issues- Intervention in Mental retardation, Learning disability, Autism, school problems of children.

**PRACTICALS 305: Clinical assessment and intervention.**

- Assessment of cognitive abilities
- Assessment of personality
- Screening and diagnostic tools
- Intervention strategies

**PRACTICALS 306: Assessment and intervention in organisations.**

- Assessment of cognitive abilities
- Assessment of personality
- Screening
- Job analysis, case studies, management games

**OPEN ELECTIVE**

**304: FOUNDATIONS AND APPLICATION OF PSYCHOLOGY.**

---

**Learning objective:** Psychology is one of the popular subjects having wide range of applications. However, myths and misconceptions related to individual differences are common that need to be addressed. The objective of the paper is to alleviate these and also towards application of psychological principles in understanding and enhancing self efficacy.

1. An Introduction to Psychology: Meaning, Branches of Psychology; Myths and Misconceptions of Psychology; Role of a Psychologist.
2. Psychology applied to the Social World: Interpersonal Communication- Non-verbal communication, effective communication, developing an assertive communication style; the problem of prejudice, forming impressions about others; the impact of Social Pressure.
3. Psychology applied to Education: Learning- Principles of Learning and Memory; Types of learning and Memory; Techniques to enhance learning and memory.
4. Psychology applied to the field of Work and Health: Facing an Interview; Choosing the right person to the right job, Occupational Stress- Coping; Health issues related to stress, Work-life Balance.

## **M.Sc - IV SEMESTER**

### **401: ORGANIZATIONAL BEHAVIOUR II - A MACRO PERSPECTIVE**

**Learning objective:** The paper emphasises on understanding the interpersonal dynamics at the workplace contributing to organisational performance and effectiveness.

#### **UNIT – 1: COMMUNICATION IN ORGANIZATION**

- Nature of communication. Process, Purpose and levels of organizational communication. Verbal and non-verbal communication,
- Computer mediated communication, formal and informal communication. Individual differences in communication.
- Improving communication.

#### **UNIT – 2: Decision Making**

- Meaning and Model of Decision-making process, Organizational decisions, factors affecting Decisions in organizations.
- Individual decisions – imperfect nature of individual decisions.
- Group decisions: techniques for improving effectiveness of decisions.

#### **UNIT – 3: LEADERSHIP**

- Nature and characteristics. Trait approach, Leadership behaviour.
- Contingency theories- LPC theory, situational and path-goal theory.
- Leadership development.

#### **UNIT – 4: ORGANIZATIONAL CULTURE**

- Nature and characteristics. Creating, Transmitting and changing organizational culture.

#### **UNIT –5: ORGANIZATIONAL STRUCTURE AND DESIGN**

- Basics dimensions. Departmentalization, organizational designs. Inter-organizational designs.
- Understanding work teams groups and teams, types of teams, team building, high performance teams importance of interpersonal skills
- Organizational Change and Development
- Organizational Effectiveness

#### **References:**

## **402: SOCIAL AND COMMUNITY PSYCHOLOGY**

**Learning Objective:** This course enables students to understand the concepts and theories of social behavior and think more about social phenomenon. The students learn about social systems and individual well-being in the community contexts. This also helps the students to learn more about Indian community behavior.

### **Unit 1**

- a) Social Psychology: Introduction to social psychology; Process of socialization; Group influence; Group dynamics; Social perception; Attitudes
- b) Community Psychology: Introduction to community psychology; factors underlying emergence of Community psychology, Principles of Community psychology. Concept of prevention. Theory and research in Community psychology - ecology, epidemiology, general systems theory, evaluation research.
- c) Social behavior in communities: Socialization processes, Internalization of social norms and values, Role of institutions (ascriptive institutions such as Family, Caste, Class and Religion; role based institutions such as School, political parties and market mechanisms) in reinforcing societal values.

### **Unit 2**

- a) Aggression: Theories of aggression; Types of aggression; Consequences of aggression; Controlling aggression
- b) Violence: Theoretical models for understanding violence; Categories of violence; self-directed violence (Suicide); domestic violence, sexual violence, collective violence
- c) Aggression and violence in India: Extent, Variation across social groups and communities.
- d) Psychological interventions for aggression and violence.

### **Unit 3**

- a) Crime: Theories of criminal behavior; Prevention of crime, rehabilitation of criminals, role of psychologists; Juvenile delinquents
- b) Problem of alcoholism, Definition, types, theories of alcoholism, effects, methods of treatment, prevention and rehabilitation.
- c) Gender: Difference between sex and gender, gendered patterns of institutions

- d) Emerging challenges: Trans-gender issues, prostitution, same-sex marriage,

#### Unit 4

- a) Unemployment: Problem of unemployment; defining unemployment, causes and types, effects of unemployment, role of psychologists in solving the problem  
b) Poverty and deprivation: - definition, types, causes; Measuring poverty: Absolute and relative poverty, human development index; psychological studies of effects of poverty, Social exclusion, Culture of poverty; poverty alleviation programmes

#### Unit 5

- a) Social Change: Definition and dynamics of social change; role of social movements in bringing changes; Mob and community behavior in response to social problems  
b) Law and Psychology: Socio-psychological origins of law; Access to justice through psychological interventions; Human rights

## **403: REHABILITATION PSYCHOLOGY**

**Learning objective:** Disability sector is one of the areas that has been especially overlooked by social scientists. Professional issues regarding understanding the disabled, its causes, concerns, management and intervention need a scientific approach. The present paper aims at providing the same.

### **Unit I- Nature and Scope of Rehabilitation psychology**

- Definition, historical perspective, scope and methods, Functions of Rehabilitation Psychology: General functions and special functions, History and Philosophy of Disability Rehabilitation
- Goals and objectives of rehabilitation, Multi-disciplinary approach to rehabilitation: Biological, medical, psychological, educational and social aspects.

### **Unit II -Disabilities**

- Disability - Concept and definitions, Classification of various disabilities, Incidence and prevalence
- Types of disabilities: Visual impairment, Hearing and speech impairment, Locomotor disability,
- Mental retardation, Cerebral palsy, Autism , Mental illness Learning disabilities, Multiple handicaps
- Etiological factors; pre-natal, natal and post-natal, chromosomal aberrations and genetic errors
- Prevention of disabilities

### **Unit III- Personality Development of Disabled Persons and intervention**

- Factors influencing personality development of disabled individuals, Life span development of people with disabilities, Assessment of personality of disabled individuals, Screening and early identification of people with developmental disabilities. Social, Psychological Perspective in Rehabilitation Psychology.
- Early intervention: definition, assessment and strategies for intervention. Intervention packages for various disabilities. Services and programmes for disabled individuals and their families
- in India
- Special education: – aims, objectives and functions, Emerging trends in special education. Educational assessment and evaluation for persons with disabilities, Educational technology for disabled

### **Unit IV - Psychological Intervention**

- Planning Intervention: Psychoanalytic Approach, Learning Theories and Strategies, Planning and Designing, Learning Situations, Counselling Strategies. Therapeutic services and Restorative techniques. Designing Training Programmes for Professionals: Training Need
- Analysis, Implementation of Training Programmes Monitory and Impact Studies.

## **Unit V - Organization & Management**

Evolution of Non-Government Organizations Background Characteristics of Organization  
Capacity Building of Non-Government Organizations

## **404: POSITIVE PSYCHOLOGY**

**Learning Objective:** The course enables the students to look at the strength-based part of psychology. The paper helps the students to explore what makes people happy. The overall focus of the course is to equip students to enhance subjective well-being. The course also equips students to be familiar with research that supports the concepts and application of positive psychology, especially in the Indian context.

### **Unit 1- Positive Psychology: An Introduction;**

- The role of positive emotions in Positive psychology: The Broaden and Build Theory of Positive Emotions;
- Basic areas of Positive psychology;
- Western and Eastern views on Positive psychology and its application; Positive Psychology in India;
- Research approaches to study positive psychology

### **Unit 2 - Happiness and well-being:**

- Defining happiness; Determinants of happiness; Gender difference in happiness; Love and happiness; Antecedents and Consequences of Happiness. Measuring happiness.
- Happiness across Cultures;
- Happiness and well-being in Indian culture.

### **Unit 3 -Positive relationships and well-being:**

Meaningful relationships; Love and belongingness; Love and kindness; gratitude, forgiveness and altruism

#### Unit 4

- Religion, Spirituality and Well-being: Role of religion and spirituality to maintain subjective well-being; A special focus to Indian spirituality and well-being.
