

SG – 633

VI Semester B.C.A. Examination, September/October 2021 (2016-17 and Onwards) (CBCS Scheme) (F + R) COMPUTER SCIENCE BCA – 603 : Cryptography and Network Security

Time : 3 Hours

Max. Marks: 100

Instruction : Answer all the Sections.

SECTION - A

Answer any ten questions. Each question carries two marks :

 $(10 \times 2 = 20)$

- 1. Define Network Security.
- 2. What is ciphertext?
- 3. State the major difference between symmetric and asymmetric key.
- 4. What is block cipher ?
- 5. List any two Hashing algorithms.
- 6. What is Public Key Infrastructure (PKI)?
- 7. What is data integrity ?
- 8. What is S/MIME?
- 9. What are the protocols used in SSL?
- 10. Define Man-in-the-Middle attack.
- 11. What is pay load?
- 12. What are the two modes of operation in IPSec?

SECTION - B

Answer any five questions. Each question carries five marks : (5×5=25)

13. Explain the various security mechanisms.

14. Differentiate active and passive attacks. Give examples.

P.T.O.

SG - 633

- 15. Explain Euclidean algorithm to find GCD.
- 16. Use additive cipher with key = 10 to encrypt the message "SUCCESS".
- 17. Explain ECB encryption mode of operation.
- 18. Explain the digital signature process.
- 19. What is key distribution center ? State its types.
- 20. Write a note on Secure Socket Layer.

SECTION - C

Answer any three questions. Each carries fifteen marks :		(3×15=45)	
21.	a) Write a note on the attacks that threaten various security goals.b) How do you find the inverse of a matrix ? Explain with an example.		8 7
22.	a) Explain the general structure of DES with a neat diagram.b) Compare AES and DES.		10 5
23.	a) State and explain Chinese Remainder theorem with an example.b) Describe security of RSA system.		10 5
24.	a) Write a note on secure Hash Function SHA 512.b) Explain the X.509 certificate structure.		8 7
25.	a) Explain the security policy database.b) Write a note on watermarking.		8 7
	SECTION - D		
Ans	swer any one question. Each question carries ten marks :	(1×10=	=10)
26.	Explain in detail the round function of AES.		10
27.	Write a note on :		
	a) S-MIME.		5
	b) Brute-force attack.		5
